Subject: Approval of Silo 3 Civil/Site Preparation Construction Package

Dear Mr. Reising:

The United States Environmental Protection Agency (EPA) has completed its review of the above-referenced document. The document, which is dated May 23, 2002, provides relevant design drawings, including both civil drawings excerpted from the revised draft Silo 3 remedial design package and additional drawings providing details of the construction work, and construction specifications. EPA found the document to be adequate and therefore approves it. Please contact me at (312) 886-4591 if you have any questions.

Sincerely,

Gene Jablonowski
Project Manager
Federal Facilities Section
Superfund Division
